 @shubham-mali7                                       Shubham Mali

## SKILLS

- ❖ **Backend Skills – Node.JS, Express.JS, MongoDB, Git**
- ❖ **Frontend Skills - HTML, CSS, JavaScript, React.JS**

## EDUCATION

- ❖ BE-Electronics Engineering| Terna Engineering College      *CGPA***:** *6.34 | (2021)*
- ❖ XII (Science) | Tatya Saheb Kore Military Academy      *68.31%| (2017)*

## PROJECTS

- ❖ **Portfolio Website | HTML, CSS, and JS**
  Demo link: https://shubham-m-portfolio.netlify.app/

- ❖ **Amazon-Clone (UI)**
  Crafted an Amazon clone with HTML, CSS, and JavaScript, backed by the MERN stack.
  Integrated Weather API for real-time weather updates, enhancing user experience.
  Git-Hub Link: https://github.com/shubham-mali7/Amazon-Website-Clone

- ❖ **Analog-Clock**
  Developed an analog clock with HTML, CSS, and JavaScript, boasting a classic design
  for clear time representation and easy tracking.
  Demo-link: https://shubham-mali7.github.io/Analog-Clock/

- ❖ **Weather-App | API-based weather application**
  Developed a weather app with HTML, CSS, and JavaScript, utilizing a weather API for
  real-time updates on temperature and humidity. A concise, functional tool for
  immediate access to current weather conditions.
  Demo-link: https://shubham-mali7.github.io/Weather-App/

- ❖ **Calculator**
  Designed a calculator with HTML, CSS, and JavaScript, featuring a clean interface for
  efficient basic arithmetic operations—a straightforward tool for ease of use.
  Demo link: https://shubham-mali7.github.io/letscalculate.com/

## EXPERIENCE

- ❖ **Operations-Manager | Strode Experiences, Pune**          *(Apr 2023-Aug 2023)*
  Managed travel desk operations, overseeing partner properties and on-field Ebike hubs, achieved high customer satisfaction through effective engagement, precise reporting, and contributed insights to enhance the website in collaboration with the tech team. Managed data, records, and inventory for daily operations, including hotel occupancy and business development.

- ❖ **Full stack Web-Development Internship | Edureka**          *(June 2022-March 2023)*
  Crafted dynamic web projects using HTML, CSS, JS, Bootstrap, and MERN stack, also integrated Weather API for real-time weather updates. Fueled a positive learning vibe by assisting colleagues.

- ❖ **Research Analyst | Contexio-REIN Labs, Navi Mumbai**          *(Aug 2021-March 2022)*
  As a Research Analyst in the operations team, I filtered crucial data using search engines and Excel. This role sharpened my observation skills and attention to detail.

## POSITION OF RESPONSIBILITY

- ❖ **Co-Founder | Theatre Group, College**          *(Apr 2019- June 2021)*
  Managed play coordination and cultivated team culture for the theatre group.

## ACHIEVEMENTS / HOBBIES

- Acknowledged with a Super Intern Certificate during Full Stack Web Development internship.
- Trekking: Engaged in trekking, having explored over 20 forts in Maharashtra
